JULY 2019

The All Jamaica Consumer Price Index was 261.2 representing an inflation rate of 1.1 per cent for the month July 2019. This movement was impacted by increased prices in the division 'Food and Non-Alcoholic Beverages' which increased by 2.4 per cent and the 'Transport' division by 0.7 per cent. The overall movement in the index was tempered by the 1.4 per cent fall in the index for the 'Housing, Water, Electricity, Gas and Other Fuels' division. For the group 'Food', the class 'Vegetables and Starchy Foods' went up by 7.9 per cent, with higher prices recorded for produce such as carrot, cabbage, lettuce, onions, tomato and yams. Higher costs for petrol and air travel contributed to the rise in the index for the 'Transport' division. However, the downward movement of the division's index was tempered by higher water and sewage rates which, resulted in the 4.1 per cent increase in the index for the group 'Water Supply and Miscellaneous Services Related to the Dwelling'.

For the period, the calendar-year-to-date movement rose by 2.5 per cent, the point-to-point by 4.3 per cent and the fiscal year-to-date rate by 1.8 per cent.

REGIONAL CONSUMER PRICE INDEX

GREATER KINGSTON METROPOLITAN AREA

+1.6%

There was a 1.6 per cent increase in the inflation rate for the Kingston Metropolitan Area for July 2019. This was due mainly to the 3.1 per cent rise in the index for the division 'Food and Non-Alcoholic Beverages'. Higher prices for agricultural produce, especially vegetables, had the strongest impact on the movement of the division. As a result, the class 'Vegetables and Starchy Foods' recorded a 7.8 per cent increase in its index. Additionally, the 'Transport' division recorded a 0.9 per cent increase in its index, due to increased petrol prices and airfares. The overall movement of the region's index was, however, tempered by the 0.9 per cent decrease in the index for the division 'Housing, Water, Electricity, Gas and Other Fuels'. This was as a result of the 3.6 per cent decline in the index for the group 'Electricity, Gas and Other Fuels'. The movement in the division was however tempered by the 4.1 per cent increase in the index for group 'Water Supply and Miscellaneous Services Related to the Dwelling'. The movement in the former was due to lower electricity rates, while that of the latter was as a result of higher sewage and water rates.

The calendar year-to-date inflation rate was 3.7 per cent, the point-to-point 5.9 per cent and the fiscal year-to-date 2.3 per cent for the period under review. (See Table V).

OTHER URBAN CENTRES

+1.0%

The index for Other Urban Centers (OUC) increased by 1.0 per cent for the month July 2019. The two groups 'Food' and 'Non-Alcoholic Beverages' recorded increases of 2.5 and 0.2 per cent respectively. The index for the group 'Food' was mainly influenced by increased prices for produce such as carrot, cabbage, lettuce, tomato and yam, while for 'Non-Alcoholic Beverages' the two classes 'Coffee, Tea and Cocoa' and 'Mineral Waters. Soft Drinks, Fruit and Vegetable Juices', registered increases 0.1 and 0.2 per cent respectively. The index for the division 'Housing, Water, Electricity, Gas and Other Fuels' declined by 1.3 per cent. Similar to the other two regions, higher rates for water and sewage moderated the fall in the index for the division. There was a 4.1 per cent increase in the index for the group 'Water Supply and Miscellaneous Services Related to the Dwelling', while 'Electricity, Gas and Other Fuels' fell by 3.5 per cent.

There was a 0.7 per cent increase in the inflation rate for Rural Areas in July 2019. The main contributor to this movement was the 1.7 per cent increase in the 'Food and Non-Alcoholic Beverages' division. This was largely as a result of higher prices for agricultural produce resulting in a 7.9 per cent rise in the index for the class 'Vegetable and Starchy Foods'. Also contributing to the upward movement of the region was the 0.5 per cent increase in the 'Transport' division due mainly to higher petrol prices and airfares. However, the rise in the region's index was tempered by the 2.0 per cent decline in the index for the division 'Housing, Water, Electricity, Gas and Other Fuels'. This was due to a 3.5 per cent fall in the group 'Electricity, Gas and Other Fuels', impacted by lower electricity rates. The division's movement was moderated by a rise in water and sewage rates as reflected in the index for group 'Water Supply and Miscellaneous Services Related to the Dwelling' moving up by 4.1 per cent.
